**Dear Staff, Students, Parents & Guardians,**

In the last two years we have witnessed a drastic change in the weather. The months of April, May, June and July are very hot. Unfortunately, this is going to be the New Normal.

- Giving holidays due to excessive heat may not be a permanent solution.
- Reduced school timing is not helping our students to have the full-fledged school life.
- Conducting online classes is not the best option either as it has had a detrimental effect on our children during the COVID times. Therefore, I suggest the following:

***How about having classes from 5.30 pm to 10.30 pm/11.00 pm in the months mentioned above?***

Please send your suggestions in writing through your wards tomorrow (April 22, 2024) who will submit them to their respective class teachers. We will study your suggestions and then we will make a decision in the best interest of our Students and Staff and all the stakeholders.
