16 December 2024

To: All Heads of CISCE Affiliated Schools

Dear Principal,

Subject: Launch of CISCE Inspire Series: Building Stakeholder Connect.

The Council for the Indian School Certificate Examinations has been a beacon of comprehensive education with a unique secondary-stage curriculum that emphasises holistic development, transcending conventional learning boundaries and nurturing well-rounded individuals.

To enhance stakeholder access and engagement with the CISCE policies and systems and contemporary themes in education, the CISCE is launching an outreach webinar series named **CISCE Inspire**.

This endeavour is an attempt to connect with all the members of the CISCE school ecosystem on a regular basis with the objective of analysing their aspirations and expectations from the board. Additionally, the webinar also aims to provide insights to students, teachers and parents on the holistic development opportunities offered by the CISCE curriculum.

The first edition of this online series, “**CISCE Legacy of Excellence: Shaping Future-Ready Global Leaders**”, will be organised on **19th December 2024**, from **11.00 AM - 01.00 PM**. The webinar will include interactions with a distinguished panel of CISCE Principals and alumni from CISCE schools across the country. These accomplished individuals will share their personal experiences and insights on how the ICSE and ISC curricula have shaped their academic and professional journeys.

For the wider participation of all CISCE-affiliated schools, the webinar will be live-streamed on CISCE’s official YouTube channel: www.youtube.com/@CISCEDELHI

It is requested that all heads of schools encourage their respective faculty, students and parents of secondary school to participate in the discussion through the given YouTube channel.

With warm regards.

Yours sincerely,

Dr. Joseph Emmanuel
Chief Executive & Secretary
